Student

Thank you for choosing eScience Labs, and welcome to the Student Resource page! We're excited to have you exploring the world of science with us. On this page, you'll be able to access all the materials you need (aside from the lab kit!) including help with your codes, shipment tracking, and additional learning resources.

Getting Started:

- Don't have a kit yet? Click on the "Have Code" button near the top, and enter your Redemption Code or product SKU.
- **Student Resources are automatically added to your account if you ordered the kit from the eScience Labs website. You can access these by logging in to your account, and clicking on the "Student" tab.**
- Still waiting on your kit to arrive? Fetch the UPS tracking number from your order email confirmation and track it [here](#).
- Once you receive your kit, be sure to check your packing list for inventory!

If you need any questions answered, find our FAQ page [here](#), or call us at 888-375-5487!

Last, and most importantly, **HAVE FUN** exploring the world of science!

The eScience Labs Team

Lab Safety

- Watch the safety video by eScience
<http://esciencelabs.com/studentresource/introductory-content-0>
- Read the pages in your lab manual online concerning Lab Safety.
